**Member Alert: Debit Card Exclusions**

Effective immediately, a new exclusion has been placed on all debit cards. This new exclusion will not allow the authorization or posting of a transaction originating from either of the sources listed below:

- Hotels/resorts  
°The restrictions for lodging are limited to transactions \$500.00 or greater.
- Car rental companies

We have seen an increased level of member disputes from both hotels/resorts (local and foreign) and car rental companies. As you know, many hotels/resorts and car rental companies place a "hold" on money in your account at the initial time of purchase. That "hold" starts the moment you check in or select a vehicle and can be for more than the amount of your actual stay or use.

To avoid any complications regarding the funds in your checking account, we strongly suggest using a credit card rather than your debit card for these types of transactions. If you do not have a credit card and would like to apply today, simply visit our website [www.c2cfcu.com](http://www.c2cfcu.com) and click on the 'Apply for a VISA' button located on our homepage.

If you have any additional questions or concerns, please contact the Credit Union to speak with one of our helpful Consumer Financial Advocates to discuss all options to avoid any possible inconvenience.
